Poems That Work

by
Joanne Lowery

I generally avoid poems about poems, poets, or writing poetry, but after reading the first two or three here, I couldn't put the collection down. These poems are funny and playful, yet serious as poetry can be. *Poems that Work* is full of poems that work, though it's no work at all to read them—more like a little holiday.

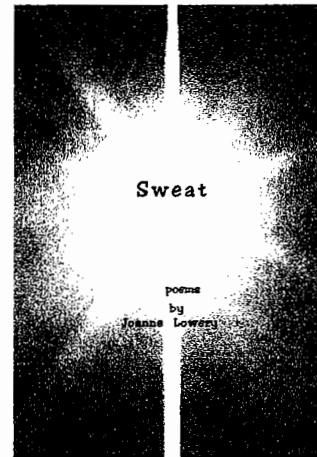

Richard Newman
Editor, *River Styx*

Sweat

by
Joanne Lowery

Sometimes steamy, sometimes sad, reading the poems in *Sweat* is like watching football players crash against each other and, indeed, work up a good sweat. Images flow and clash and flow again, and each poem ends perfectly. Lowery's poetry is a treasure.

—PF Allen
Editor, *Moon Reader*
